(c) what steps are proposed to be taken to address the various problems and bottlenecks mentioned in the news article to rectify the financial crisis in Maharashtra?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE AND COMPANY AFFAIRS (SHRI ANANDRAO VITHOBA ADSUL): (a) The article in the Indian Express dated 17th October, 2002 referes to the downgraded credit rating of the bonds issued by the Public Sector Undertakings under Government of Maharashtra in view of their inability to meet in time the payment of interest and principal obligations, due to sagging financial condition of the State Government.

(b) and (c) The financial crisis faced by some States including Government of Maharashtra has received the attention of Government of India. Though the primary responsibility for the repayment of debt of State Government rests with respective States and the State Governments are expected to take adequate measures to improve their financial conditions, Government of India has been facilitating the States to overcome their temporary cash imbalance problems by making feasible releases of the State's entitlements in advance.

Besides to enable fiscal consolidation, the Government of India have enjoined States to draw up Medium Term Fiscal Reforms Programmes (MTFRP) which is projected to bring down the consolidated debt of States. The build-up of debt and issuance of guarantees in future has been strictly capped by the MTFRPs, and require specific permission of Government of India under Article 293(3) of the Constitution.

Government of Maharashtra has drawn up their Medium Term Fiscal Reform Programme. Further, the Government of India has since put

forward a proposal for debt swap to enable the States to retire high cost debt so as to supplement their efforts towards fiscal consolidation.
